

## *Weddingmarkt*

Press Release for June 2019

### **Season 2019 June Edition**

#### **Open air design market with 70 booths, street food, dance & music**

On Sunday, 2nd June 2019 from 11 a.m. to 6 p.m., Weddingmarkt will enter the second round of the season. The Weddingmarkt celebrates its seventh anniversary, shows a new innovative stand design and takes place once a month throughout the summer, always on the first Sunday from May to September.

Visitors can expect a relaxed Sunday with 70 high-quality and creative exhibitors. Compared to the first market of the season, around 50 new exhibitors are now showing their work. There will also be around ten street food stands, as well as Brazilian dances and live music.

The high-quality variety of the lively district will be on show. Craftsmen, designers and artists will be showing their work: Illustrations, paintings, ceramics, fashion, jewellery and much more. Everything "Made in Berlin".

As a special guest, this time the publishing house Walter Frey is represented with its book series "Wedding Books". The books focus on the history of the Wedding district.

In addition, the actors of the Prime Time Theatre perform, numerous couples dance Brazilian Forró, and the Camera Minutera shoots nostalgic black-and-white portraits.

Wedding gastronomes spoil the visitors with street food - from coffee, ice cream, burgers, vegan food to unusual Asian creations, everything for the discerning palate is included.

Admission to the market is free. The next dates for the market are 2 June, 7 July, 4 August, 1 September 2019, in each case of 11-18 o'clock. All information about the market can be found online at [wedding-markt.de](http://wedding-markt.de).
